

Mission Statement: "To share the love of God and to guide people into a committed relationship with Jesus Christ."

We Care Corner

To **Elise Wilhoyt**: Where do we begin to thank you for the many years of serving the Church? You have always been dependable and on time! These virtues are a real blessing from God. You have worked for years spoiling us with breakfasts and lunches. And then you took care of the information table. Even though you had an accident with your fractured ankle it has not changed your serving attitude. Thank you. We really appreciate you. Betty Shamus

Food and Fellowship

There will be a breakfast and potluck meal each week unless we are notified to the contrary due to any special event. Thank you to everyone who brings food to share or otherwise contributes to our Fellowship Hours.

Status of Disaster Relief Fund

When Hurricane Katrina struck the Gulf Coast in 2005, the Church established the Worldwide Church of God Katrina Fund to help members recover from this disaster. Congregations and individual members from throughout the world generously responded, donating a total of \$310,563. Approximately \$238,608 has been used as of June 30. Although this particular fund is closed for donations, it will continue to help those in that region as needed until funds are expended. Thank you for your loving example of assistance to those in the region. Following Hurricane Katrina, the Church established the WCG Disaster Relief Fund to stand ready to help members affected by future disasters wherever they may be in the world. To date, \$106,000 has been contributed to this fund. Approximately \$36,000 has been distributed to assist with recovery efforts in the Philippines, Bangladesh, and in the Solomon Islands. This fund remains open for donations and is the primary corporate vehicle to help members affected by future disasters. Thank you for allowing God to share his love through you as we live and share the gospel together. We consider it a privilege to serve beside you in this important calling.
